It is about Taiwan aborigine languages, especially language evolution of the 'Ami people. From an oral transmission to the creation of a writing system, the 'Amis language went through many changes along with the history of this minority people in Taiwan. The paper attempts to perform a (socio)linguistic analysis: from past to present, we describe how different writing systems were applied. We classify ÷. four main periods: the mythical, prehistoric period, when the Share & React ENGLISH 简体中文 繁體中文 Index of Articles RSS Subscribe / Unsubscribe Set ADOBE Search Google search
