WELCOME INTRODUCTION

Dear EDULEARN11 participants,

In this third edition of EDULEARN11, we are delighted to welcome you all to this international conference that brings together experts from every corner of the world. EDULEARN11 is a key annual networking event for the sector of new learning technology and education experiences. Academics and researchers presenting at this conference will share with you their most up-to-date information on education and pedagogical innovations. This is an excellent opportunity to acquire skills and get inspired by listening to innovative approaches in education. It's the ideal place for those who wish to know more about educational experiences and who wish to discuss the latest innovations with other educational experts.

We hope you get the best of EDULEARN11 presentations and parallel sessions, discussions and debates, as well as the posters exhibition. This event also aims to be a social platform and a great opportunity for networking in a varied atmosphere. EDULEARN11 makes every effort to bring together delegates from all disciplines and cultures. This year we welcome 650 professionals and experts representing more than 65 countries. This makes this conference a multicultural meeting point for lecturers, researchers, educational scientists and technologists.

We hope you take EDULEARN11 as an opportunity to exchange ideas and results, to discover different ways of applying new educational technologies and broaden your vision about new ways of teaching and learning. In addition to your professional experience, Barcelona will offer you a large offer of cultural and leisure activities to enjoy during your stay here. We really wish you an unforgettable stay in this cosmopolitan and interesting city.

Thank you very much for coming to EDULEARN11 and for contributing to the improvement of Education with your experiences and projects. We wish you a fruitful conference!
