### 20.04.2023: Pr. Vincent Rollet made a Lecture on European Health security at Kaohsiung Medical University (KMU)

Invited by Prof. Betty Chju Ya-wen, Director of the Center on global health security at KMU, on April 20, 2023, Pr. Vincent Rollet made a Lecture entitled: "Addressing Health Security Threats at the Regional Level: The case of the European Union" to Master and PhD students from Indonesia, the Philippines and Taiwan. The lecture covered the EU governance of health security as well as its achievements and main challenges. It also enabled students to ask questions on 'One health' approach, on the differences between the way ASEAN and EU address health security issues, as well as regarding the recent EU Global health strategy.
