Sessions and Session Chairs

Session Chairs are encouraged to introduce themselves and other speakers (briefly) using the provided print-outs of speaker bios, hand out the provided presentation certificates at the end of the session, ensure that the session begins and ends on time, and that the time is divided fairly between the presentations. Each presenter should have no more than 30 minutes in which to present his or her paper, and respond to any questions. Please follow the order in the programme, and if for any reason a presenter fails to show, please keep to the original time slots as delegates use the programme to plan their attendance.

The Session Chair is asked to assume this timekeeping role, and to this end, a yellow and red timekeeping card is used as a visual cue for presenters, letting them know when they have five minutes remaining, and when they must stop. View the Session Chair Guidelines for more information.

Clothing and Weather

Attendees generally wear business casual attire. The weather in Japan will be mild but you may wish to bring a light jacket or sweater as the Session Rooms will be air-conditioned and the temperature may drop in the evening. Early April is a pleasant time of the year in Japan. The weather is warm during the day and cooler at night, so please plan accordingly. We recommend checking www.weather.com for the latest forecast.

Presentations and Equipment

All rooms will be equipped with a MacBook computer pre-installed with PowerPoint and Keynote and connected to a LCD projector. If you wish, you may directly link your own PC laptop, although we advise you to use the computer provided by plugging in your USB flash drive. We recommend that you bring two copies of your presentation in the case that one fails, and suggest sending yourself the presentation by email as a third and final precaution.

For any questions, please contact the conference team directly at aceid@iafor.org

We look forward to seeing you in Kobe, Japan.

Best regards,
